Science

5/16-5/17: 5th Grade

Science

5/17: Biology EOC

Testing is here!

We are asking for your support in ensuring your child's attendance and reminding your child of the importance of taking his/her time and putting forth their best effort on these assessments. Several factors have an influence on their success and below are some simple tips you can review with your child.

- Be in attendance on scheduled days. Students will have their optimal testing experience at the scheduled times with their peers. Please use the attached calendar to plan accordingly.
- Be on time. Students that arrive at school after the tests begin will have to complete make-up testing.
- Go to sleep at a reasonable time to get a good night's rest the night before the test.
- Wake up early enough to avoid rushing to get ready for school.
- Make it in time to eat breakfast at school or eat a healthy breakfast at home.

Let's work together to make your child's experience a positive and successful one.

Thank you for your continued support and dedication to your child's education.
